

event recap

By Jacki Donaldson

Dr. Bahl (center) with Becky Bruce (left), publisher of *Among the Heather*, and Rhonda Meeker (right), publisher of *Yankee Connections* and *Country Club Connections*

To help promote other local businesses, Dr. Bahl also hosted a **Wellness and Beauty Bazaar**. Featured businesses included **Byers Chiropractic** offering free posture screenings, **Kettering Breast Evaluation Center** speaking about breast self-exams, **Skin Nourishment Studio** promoting workshops and parties for kids to make bath bombs with all-natural ingredients, and **Orangetheory** from Austin Landing sharing the life-changing benefits of fitness.

The camaraderie between residents, businesses, and the publishers of the neighborhood magazines warmed Dr. Bahl's heart. "People were mixing and mingling, learning about other local businesses, and being proactive about their health with the screenings," she said. "I felt a real sense of community, and we had a great turnout."

Dr. Bahl, who said that several guests have already come back or scheduled appointments, welcomes everyone to learn about ACE Dermatology, Laser, & Cosmetics, where A stands for authentic, C for compassionate, and E for empowering. In addition to providing medical dermatological services for adults and children, Dr. Bahl performs the most up-to-date cosmetic procedures, including, but not limited to, Botox and filler injections, laser procedures to treat many different skin conditions, Kybella injections to treat the double chin, and PRP (platelet-rich plasma) injections in the scalp for hair loss and thinning. She hopes to make a real impact on the members of her community by providing personalized health care and would like to make the Wellness and Beauty Bazaar an annual event. "I want to be fully immersed with the residents and businesses of the community in which I practice — it is so important to me," she said.

To learn more about Dr. Bahl and her patient-centered practice, please visit www.acederm.com, call (937) 885-4412, or stop in at 8367 Yankee Street.

The local business spotlighted is proud to partner with us to make this magazine possible. Please consider this business when searching for products and services.

Dr. Shalini Bahl

Treated Neighbors to Wellness & Beauty Bazaar

AT ACE DERMATOLOGY, LASER, & COSMETICS

Dr. Shalini Bahl believes that compassion and empathy are two very critical components that can be hard to find in the health care industry today. As a board-certified general and cosmetic dermatologist with more than 15 years of experience, she decided one year ago to open a patient-centered practice that would never allow her patients to feel like a number.

Dr. Bahl opened the doors to **ACE Dermatology, Laser, & Cosmetics** on 8367 Yankee Street on March 13, 2019, and on March 12, 2020, she welcomed several N2 Publishing neighborhoods to join her for a first-anniversary celebration. The celebration featured 20 complimentary waist-up skin cancer screenings, a delicious array of food and beverages catered by the phenomenal **Brock Master-son's Catering & Events**, a beautiful cake, and a generous raffle that included free Botox and products by Skinbetter Science and Avène.
